1 About the new Line Toranomom concept

•From a space for meetings and lunch to an unprecedented multifunctional space for breakfast, a place to relax and enjoy a café, meetings inside and outside the company, entertaining guests over dinner, and an event space for social gatherings.

The use for meetings is limited to times outside of lunchtime, from 11:30 to 13:30.

•A new café and bar will be established, offering morning sets and other "food" from morning to night, while creating new ideas in an open space different from the office floor. A space that can realise such a BLUE ACTION MOL.

•With the health menu offered at New Rhine Toranomom, we aim to create an environment where all workers can continue their healthy routines and work with more energy.

•Comfortable and hygienic space. In order to maintain a hygienic space, please refrain from bringing in food on the 15th floor, except for items purchased at Rhine.
